QST de WAWI/VB2:

The DXpedition is going great, 3 phone QSO's and 0 CW -- I can access 7 English repeaters, 2 French and 7 on which I haven't heard anything yet. 3 of them are in the U.S. -- Finally, I heard a commercial for a parts house on the radio yesterday! 73, *[Signature]*

P.S. - Neat story about 146.685 MHz to follow!
